## BOARD OF FORESTRY AND FIRE PROTECTION

### ZONE 0 WORKSHOP

In response to the Governor's Executive Order, N-18-25, the Board of Forestry and Fire Protection will be holding a public workshop to discuss changes to California's Defensible Space regulations. AB 3074 (2020) directs the Board of Forestry and Fire Protection to develop regulations to establish a 0-5 foot "ember-resistant zone" adding to the existing two-zone defensible space system that requires fuel and vegetation management around structures in two concentric areas 0-30 and 30-100 feet. The public is invited to inform the Board of your support, concerns and input. The regulations are anticipated to be completed by the end of 2025.

**March 4  
2025**

**1 PM -  
5 PM**

**Natural Resources Agency  
715 P Street, Sacramento  
Room 2-201**

The workshop will be held in person with an online option available.  
Please register in advance and indicate how you will participate.
