Hello Kristina Wolf,

I would like to apply for a Monitoring and Research Community member seat on the Effectiveness Monitoring Committee. My qualifications for the position include:

- Nine years of forestry and resource monitoring experience
- Five years of fire ecology experience
- CA State Registered Professional Forester # 3174
- Experience in research study design, implementation, contract oversight, and evaluation

I am interested in this position because I would like to be more impactful in my career, and I have always had the goal to improve resource protection in California's forested landscapes and natural areas despite drastically changing conditions. In my position with a East Bay Regional Park District, I often feel limited in the area and I can affect, and I think a position on this Committee would correct that shortfall.

I am able to attend regular meetings in-person at the listed locations or elsewhere.

Please take into consideration my attached resume. I would be happy to discuss my background, work experience, or address any questions you may have.

Thank you,

Givonne Law

Fuels Reduction Coordinator | Fire Department

East Bay Regional Park District

17930 Lake Chabot Road, Castro Valley, CA 94546
