Ecosystem

Empirical Yield Tables

Endangered Species Act

Engineered Wood

Ethics

even-age

fell, buck and scale

field capacity

Fire Protection Zone

fire resilience

fomes annosus

Keywords April 2025 RPF Exam

FORECAST

forest carbon cycle

forest carbon sequestration

forest fuel treatments

forest growth data

forest pest

forest site quality

Forest Taxation Reform Act of 1976

Fragmentation

FVS

good moral character

group selection

Grubbing

heel boom loader

Honesty

Humus

hydrologic connection

Injunction

Insects that Attack Foliage

Insects that Attack Roots and the Lower Stem

Insects that Attack Shoots

Insects that Attack the Main Stem

integrated pest management

Integrity

Interlocking Yarder

inventory measurement crews

IRR

Land Expectation Value

Large Old Trees

Licensed Timber Operator (LTO)

Keywords April 2025 RPF Exam

listed species

Lithocarpus densiflorus

log defect

log imports

log landing size

log sale prospectus

logging bids

LTO responsibility

lump sum sale

Magnetic Declination

MAI

Mastication

measurement accuracy

morals

niches

Nonindustrial Forest

Normal Stand Density

normal yield tables

ORGANON

PAI

Parasite

permanent inventory plot

pest damage

pest organism

Pest Triangle

Pinus contorta murrayana CA

Plot Radius Factor

potential conflict of interest

potentially significant erosion site

Keywords April 2025 RPF Exam

precision

Professional Foresters Law

Pseudotsuga menziesii (CA)

QMD

reforestation

resistance to fire mortality

rings per inch

riparian vegetation

Road Approach

Road Prism

road reconstruction

Science

Seed crop frequency

Seedbed

sequestration

Shelterwood

shelterwood seed step

Significant Sediment Discharge

Signs

silvics

Site Index
