

Board of Forestry and Fire Protection

NOTICE OF PROPOSED ACTION

“Maximum Sustained Production Amendments, 2023”

Board of Forestry and Fire Protection

Title 14 of the California Code of Regulations

Division 1.5, Chapter 4

Subchapter 4, 5 & 6

Article 3

[Notice Published in Notice Register June 2, 2023]

NATURE OF PROCEEDING

Notice is hereby given that the California State Board of Forestry and Fire Protection (Board) is proposing to take the action described in the Informative Digest.

PUBLIC HEARING

The Board will hold a public hearing on July 26, 2023, at its regularly scheduled meeting commencing at 9:00 a.m., at the Auditorium on the first floor, RM 1-302, of the Natural Resources Building, 715 P Street, Sacramento, CA. At the hearing, any person may present statements or arguments, orally or in writing, relevant to the proposed action. The Board requests, but does not require, that persons who make oral comments at the hearing also submit a written summary of their statements. Additionally, pursuant to Government Code (GOV) § 11125.1(b), writings that are public records pursuant to GOV § 11125.1(a) and that are distributed to members of the state body prior to or during a meeting, pertaining to any item to be considered during the meeting, shall be made available for public inspection at the meeting if prepared by the state body or a member of the state body, or after the meeting if prepared by some other person.

Attendees may also participate via the online meeting platform or telephone conferencing. To participate via the online meeting platform please email PublicComments@bof.ca.gov by 4:30 p.m. on July 25, 2023, to request a link to the meeting. A link to the meeting will also be posted under the “Webinar Information” heading on the front page of the Board website, no later than 8:00 a.m. the morning of the hearing.

WRITTEN COMMENT PERIOD

Any person, or authorized representative, may submit written comments relevant to the proposed regulatory action to the Board. The written comment period ends on July 27, 2023.

The Board will consider only written comments received at the Board office by that time and those written comments received at the public hearing, including written comments submitted in connection with oral testimony at the public hearing. The Board requests, but does not require, that persons who submit written comments to the Board reference the title of the rulemaking proposal in their comments to facilitate review.

Written comments shall be submitted to the following address:

Board of Forestry and Fire Protection
Attn: Andrew Lawhorn
Regulations Program
P.O. Box 944246
Sacramento, CA 94244-2460

Written comments can also be hand delivered to the contact person listed in this notice at the following address:

Board of Forestry and Fire Protection
715 P Street
Sacramento, CA 95814

Written comments may also be delivered via e-mail at the following address:

PublicComments@BOF.ca.gov

AUTHORITY AND REFERENCE (pursuant to GOV § 11346.5(a)(2) and 1 CCR § 14)

Authority cited: Sections 4551 and 4554.5, Public Resources Code.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW (pursuant to GOV 11346.5(a)(3)(A)-(D))

Pursuant to the Z'berg-Nejedly Forest Practice Act of 1973, PRC § 4511, *et seq.* (FPA) the State Board of Forestry and Fire Protection (Board) is authorized to construct a system of forest practice regulations applicable to timber management on state and private timberlands.

PRC § 4551 describes the mechanism through which forest policy is implemented through the authorization of the Board of Forestry and Fire Protection (Board) to "...adopt district forest practice rules and regulations for each district in accordance with the policies set forth in Article 1 (commencing with Section 4511) of this chapter and pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code to ensure the continuous growing and harvesting of commercial forest tree species and to protect the soil, air, fish, wildlife, and water resources, including, but not limited to, streams, lakes, and estuaries." PRC § 4553 requires the Board to continuously review those rules in consultation with other interests and make appropriate revisions.

PRC § 4513 clarifies that "It is the intent of the Legislature to create and maintain an effective and comprehensive system of regulation and use of all Timberlands so as to ensure both of the following: (a) Where feasible, the productivity of Timberlands is restored, enhanced, and maintained. (b) The goal of maximum sustained production of high-quality timber products is achieved while giving consideration to values relating to sequestration of carbon dioxide, recreation, watershed, wildlife, range and forage, fisheries, regional economic vitality, employment, and aesthetic enjoyment."

Current regulation in the Forest Practice Rules accounts for possible constraints to timber production due to consideration of other forest values such as "recreation, watershed, wildlife,

range and forage, fisheries, regional economic vitality, employment and aesthetic enjoyment” (as listed in §§ 913.11(a)(1), 933.11(a)(1), 953.11(a)(1)) but does not account for constraints to production that result from fire protection activities or the impacts to production from fire damage or fire risk.

Over the last several years, large-scale wildfire has become common, with 14 of the 20 largest wildfires in recorded state history occurring within the last decade. Increases in the size and severity of wildfires have caused widespread forest damage, impacting timber production due to immediate damage and long-term impacts on forest growth. Current regulatory requirements for maximizing forest production of high quality timber products do not account for the increasingly common impacts of catastrophic wildfire on forests. The existing regulatory definitions of maximum sustained production also do not include provisions for fire protection actions such as a linear fuelbreak along a transportation corridor. These fire protection measure may reduce long-term timber yield within the fuelbreak, but that feature will lessen the risk of wildfire impacts on the adjacent timberlands.

The **problem** is current regulations related to maximum sustained production of high quality timber products do not address the changing climate and increased risk of wildfire which cause widespread forest damage.

The **purpose** of the proposed action is to specifically address fire protection and fire risk as factors affecting the production of timber products.

The **effect** of the proposed action is to allow for consideration of fire risk and fire protection when determining methods for maximum sustained production of high quality timber products.

The **benefit** of the proposed action is it allows timberland owners to account for fire risk and increase fire protection without conflicting with the goal of maximum sustained production of high quality timber products.

There is no comparable Federal regulation or statute.

Board staff conducted an evaluation on whether the proposed action is inconsistent or incompatible with existing State regulations pursuant to **GOV § 11346.5(a)(3)(D)**. State regulations related to the proposed action were, in fact, relied upon in the development of the proposed action to ensure the consistency and compatibility of the proposed action with existing State regulations. Otherwise, Board staff evaluated the balance of existing State regulations related to the use of fords in timber operations within State regulations that met the same purpose as the proposed action. Based on this evaluation and effort, the Board has determined that the proposed regulations are neither inconsistent nor incompatible with existing State regulations. The proposed regulation is entirely consistent and compatible with existing Board rules.

Statute to which the proposed action was compared: Chapter 8, Part 2, Division 4, Public Resources Code.

Regulations to which the proposed action was compared: Article 4, Subchapters 1, 4, 5, & 6, Chapter 4, Division 1.5, Title 14, California Code of Regulations.

MANDATED BY FEDERAL LAW OR REGULATIONS

The proposed action is not mandated by Federal law or regulations.

The proposed action neither conflicts with, nor duplicates, Federal regulations.

There are no comparable Federal regulations related to the definition of “ford” as pertains to timber harvesting. No existing Federal regulations meeting the same purpose as the proposed action were identified.

OTHER STATUTORY REQUIREMENTS (pursuant to GOV § 11346.5(a)(4))

There are no other matters as are prescribed by statute applicable to the specific State agency or to any specific regulation or class of regulations.

LOCAL MANDATE (pursuant to GOV § 11346.5(a)(5)).

The proposed action does not impose a mandate on local agencies or school districts.

FISCAL IMPACT (pursuant to GOV § 11346.5(a)(6))

There is no cost to any local agency or school district that is required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4 of the Government Code.

A local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by the act, within the meaning of Section 17556 of the Government Code.

The proposed action will not result in the imposition of other non-discretionary costs or savings to local agencies.

The proposed action will not result in costs or savings in Federal funding to the State.

The proposed action will not result in costs to any State agency. The proposed action represents a continuation of existing forest practice regulations related to the conduct of timber operations and will not result in any direct or indirect costs or savings to any state agency.

HOUSING COSTS (pursuant to GOV § 11346.5(a)(12))

The proposed action will not significantly affect housing costs.

SIGNIFICANT STATEWIDE ADVERSE ECONOMIC IMPACT DIRECTLY AFFECTING BUSINESS, INCLUDING ABILITY TO COMPETE (pursuant to GOV §§ 11346.3(a), 11346.5(a)(7) and 11346.5(a)(8))

The proposed action will not have a significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states (by making it costlier to produce goods or services in California).

FACTS, EVIDENCE, DOCUMENTS, TESTIMONY, OR OTHER EVIDENCE RELIED

UPON TO SUPPORT INITIAL DETERMINATION IN THE NOTICE THAT THE PROPOSED ACTION WILL NOT HAVE A SIGNIFICANT ADVERSE ECONOMIC IMPACT ON BUSINESS (pursuant to GOV § 11346.2(b)(5) and GOV § 11346.5(a)(8))

Contemplation by the Board of the economic impact of the provisions of the proposed action through the lens of the decades of contemplating forest practice in California that the Board brings to bear on regulatory development.

STATEMENTS OF THE RESULTS OF THE ECONOMIC IMPACT ASSESSMENT (EIA)

The results of the economic impact assessment are provided below pursuant to **GOV § 11346.5(a)(10)** and prepared pursuant to **GOV § 11346.3(b)(1)(A)-(D)**. The proposed action:

- Will not create jobs within California (GOV § 11346.3(b)(1)(A));
- Will not eliminate jobs within California (GOV § 11346.3(b)(1)(A));
- Will not create new businesses (GOV § 11346.3(b)(1)(B));
- Will not eliminate existing businesses within California (GOV § 11346.3(b)(1)(B));
- Will not affect the expansion or contraction of businesses currently doing business within California (GOV § 11346.3(b)(1)(C));
- Will yield nonmonetary benefits (GOV § 11346.3(b)(1)(D)). The proposed action will result in access to management options for landscape-level wildfire hazard mitigation. It allows for forest management that leads to lower-intensity wildfire, which will provide for protection of wildlife and plant habitats from high-intensity wildfire, improving environmental outcomes. It provides for worker safety for those workers who work in forests and fight wildfires, as well as potentially limiting wildfire smoke impacts to the health of California residents.

COST IMPACTS ON REPRESENTATIVE PERSON OR BUSINESS (pursuant to GOV § 11346.5(a)(9))

The agency is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action. No adverse impacts are to be expected.

BUSINESS REPORT (pursuant to GOV §§ 11346.5(a)(11) and 11346.3(d))

The proposed action does not impose a business reporting requirement.

SMALL BUSINESS (defined in GOV 11342.610)

The proposed regulation may affect small business, though small businesses, within the meaning of GOV § 11342.610, are not expected to be significantly affected by the proposed action.

Small business, pursuant to 1 CCR § 4(a):

- (1) Is legally required to comply with the regulation;
- (2) Is not legally required to enforce the regulation;
- (3) Does not derive a benefit from the enforcement of the regulation;
- (4) May incur a detriment from the enforcement of the regulation if they do not comply with the regulation.

ALTERNATIVES INFORMATION

In accordance with **GOV § 11346.5(a)(13)**, the Board must determine that no reasonable alternative it considers, or that has otherwise been identified and brought to the attention of the

Board, would be more effective in carrying out the purpose for which the action is proposed, or would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

CONTACT PERSON

Requests for copies of the proposed text of the regulations, the Initial Statement of Reasons, modified text of the regulations and any questions regarding the substance of the proposed action may be directed to:

Board of Forestry and Fire Protection
Attn: Andrew Lawhorn
Regulations Program
P.O. Box 944246
Sacramento, CA 94244-2460
Telephone: (916) 619-9795

The designated backup person in the event Mr. Lawhorn is not available is Jane Van Susteren, Regulations Coordinator for the Board of Forestry and Fire Protection. Ms. Van Susteren may be contacted at the above address or phone.

AVAILABILITY STATEMENTS (pursuant to GOV § 11346.5(a) (16), (18))

All of the following are available from the contact person:

1. Express terms of the proposed action using UNDERLINE to indicate an addition to the California Code of Regulations and ~~STRIKETHROUGH~~ to indicate a deletion.
2. Initial Statement of Reasons, which includes a statement of the specific purpose of each adoption, amendment, or repeal, the problem the Board is addressing, and the rationale for the determination by the Board that each adoption, amendment, or repeal is reasonably necessary to carry out the purpose and address the problem for which it is proposed.
3. The information upon which the proposed action is based (pursuant to **GOV § 11346.5(b)**).
4. Changed or modified text. After holding the hearing and considering all timely and relevant comments received, the Board may adopt the proposed regulations substantially as described in this notice. If the Board makes modifications which are sufficiently related to the originally proposed text, it will make the modified text—with the changes clearly indicated—available to the public for at least 15 days before the Board adopts the regulations as revised. Notice of the comment period on changed regulations, and the full text as modified, will be sent to any person who testified at the hearings, submitted comments during the public comment period, including written and oral comments received at the public hearing, or requested notification of the availability of such changes from the Board of Forestry and Fire Protection. The Board will accept written comments on the modified regulations for 15 days after the date on which they are made available.

FINAL STATEMENT OF REASONS

When the Final Statement of Reasons (FSOR) has been prepared, the FSOR will be available from the contact person on request.

INTERNET ACCESS

All of the material referenced in the Availability Statements is also available on the Board web site at: <https://bof.fire.ca.gov/regulations/proposed-rule-packages/>
